ARMSTRONG AIR & SPACE MUSEUM

INDEX

ABOUT US

Opened in 1972, the Armstrong Air & Space Museum chronicles the history of aeronautics and spaceflight, with emphasis on Apollo 11 Commander and Wapakoneta native, Neil Armstrong.

Conveniently located off of exit 111 on Interstate 75, the museum is home to world renowned artifacts including the original Gemini VIII spacecraft, two of Armstrong's space suits, an Apollo 11 Moon rock, and other items from important events in aviation and space history.

The architecture of the building is like no other building in the country. The building was designed to resemble a lunar base, with a runway, pressure dome, and large mounds to protect against meteorites and radiation.

This packet provides information and photos regarding all spaces available for rent within the Armstrong Air & Space Museum. Photos and information are sorted by type of rental.

With a variety of different indoor and outdoor spaces available, the Armstrong Air & Space Museum surely has the right fit for your event needs.

YOUR UNIQUE *Experience*

Anyone planning a rental in a facility is hoping to have a unique experience. Why not plan on hosting in a unique facility as well? The Armstrong Air & Space Museum is a *distinctive landmark* with a variety of indoor and outdoor meeting spaces, plus exhibit areas that can be used for parties or browsed during tours that can add to your event, and a STEM Inspiration Center. The opportunities for event ideas are endless!

Because of this, we understand you will have questions. From start to finish your event plan will be **coordinated by the museum's experience coordinator**. They will meet with you and two other guests to tour the facility and provide a **free quote** outlining your vision for the event and how we may play a role in its success. If you decide we are your venue, the experience coordinator will create your agreement, answer further questions, and be your connection to the site. For the day of the event, they will assist the partners for your event and ensure it runs flawlessly.

*To schedule your free tour, please contact
our experience coordinator:*

OTHER ITEMS TO *Consider*

-The Armstrong Air & Space Museum does not supply catering, linens, glassware, party supplies, etc. Any of these suppliers would be in addition to our charge for facility.

-If you wish, it is possible to have alcohol at your event. Your experience coordinator will discuss these options, laws, and additional costs (if any) at your quote meeting.

-We have suggested partners who provide catering, linens, tables, chairs, & other party supplies. This list is provided at your quote meeting.

-Looking to rent our outdoor pavilion? Ask for a quote from our experience coordinator!
